

# KASTALON FORK- KUSHIONS®

**KASTALON**  
POLYURETHANE PRODUCTS

**Available in 5  
densities for virtually  
every application**

Fork-Kushion® is a registered trademark of Kastalon, Inc.

## **The Ultimate In Protection**

Kastalon's Fork-Kushions® provide cushioning protection from marring, denting, and other forms of damage. The unique low profile structure offers excellent wear properties and vibration deadening without compromising the load capacity.

Fork-Kushions are mounted directly to the face of the fork utilizing a specifically designed permanent mounting bracket. The bracket is equipped with a high performance quick adhesion system providing easy installation and maximum bond strength.

Available in Ultra-Soft, Soft, Medium, Maximum Impact and Cut-Resistant densities for 3" – 8" width forks.

Special sizes and densities are available on a special order basis.

*Fork-Kushions and Brackets sold separately.*
